

27.02.21

Dear Parents and Carers,

Dream Big Theme Week

Week Beg: Monday 8th March 2021

At school, we are looking forward to welcoming back all children who have been at home during this period of lockdown. To ensure everybody starts back with a positive outlook, teachers have planned an exciting theme week focus: 'Dream Big' for the first week back.

The focus will help in 'Raising Children's Aspirations' working in partnership with Primary Futures www.primaryfutures.org. The aim of the week is to introduce children to the world of work and the varied career opportunities that are available in the 21st century. As part of the week's activities, **Tuesday 9th March** will be **Science 'Chemical Chaos' day**. We would like each child to bring to school an **old plain white or lightly coloured t-shirt or school polo shirt**. The children will write their observations on the t-shirt throughout the day and this can be kept as a token to remember the day.

To showcase our learning, on **Friday 12th March** we would like the children to attend school in clothes that they might wear in their chosen future career. E.G. if your child is interested in working in a bank: They might come to school in more formal clothes. As sadly we cannot yet invite adults into to school, we will make sure we take lots photographs throughout the week and share these along with samples of children's work on: Twitter, The school website and our new Facebook page, so that you all get to see the many exciting activities and experiences your children are taking part in.

We would love you to share this letter with your children so that they can look forward 'Dream Big' week.

Many thanks for your continued support.

Yours Sincerely,

Mrs Durrani and Mrs Roscoe

The Personal Development and Wellbeing team
